PROFILE

I am a dedicated, hardworking and proactive Front-End React Engineer, with a strong background in Back-End, Front-End design, and Front-End development.

I am currently looking for an opportunity to utilise my technical skills in a challenging working environment, and become a valuable asset for the company that I work for.

SKILLS

- JavaScript
- React JS
- Redux
- Next JS
- TypeScript
- PWA
- Electron JS
- Node JS
- Laravel
- MySQL
- MongoDB

LANGUAGES

SPANISH
NATIVE PROFICIENCY

ENGLISH – 2018 – 2021
FULL PROFESSIONAL PROFICIENNCY

JAPANESE – 2019 – PRESENT
LIMITED WORKING PROFICIENCY

EXPERIENCE

FREELANCER WEB DEVELOPER – 2020 - 2021
FREELANCER

I worked as a freelancer for almost two years, during which I've variated my tech stacks depending on the client needs.

Major accomplishments (among others):
- An E-Commerce built with Laravel, Laravel Blade, and MySQL.
- An E-Commerce built with Next JS, TypeScript, Material UI, and Laravel with MySQL as backend API.
- An installable PWA built with ReactJS, which is published on the Google's Play Store as a native app.

LAW FIRM CADET – 2018 - 2020
LAW FIRM OF DR. JUAN PABLO CORVALAN – Buenos Aires, Argentina

I worked for a little more than two years as a cadet in the law firm of my father, Dr. Juan Pablo Corvalan.

My tasks included:
- Completing the templates for lawsuits with customer's data.
- Receiving and presenting official documentation in court.
- Receiving the payments of the clients.
- Filing the documents.
- Making new templates for the new types of lawsuits.

EDUCATION

PROGRAMMER ANALYST – 2021 - PRESENT
UAI – Interamerican Open University

Programmer Analyst is a three-year university technical carrer, of the Faculty of Informatics Technology of the UAI.

TOEFL IBT EXAM – 2021
TOEFL ETS

Achieving a total score of 95 out of 120 points.

WEB DEVELOPMENT – 2017 - PRESENT
SELF TAUGHT

Since 2017 I've been studying programming related to web development by myself.
I started with PHP, MySQL, and JQuery, but nowadays my main focus of study is on React. Including technologies like Next JS, NodeJS, MongoDB, among others.

EXTRACURRICULAR EDUCATION

- **JAPANESE LANGUAGE –** 2019 - PRESENT
 **CUI** – University Languages Center, of the University of Buenos Aires

  I've been studying Japanese language for 3 years now, reaching a lower-intermediate level.

- **ENGLISH LANGUAGE –** 2018 - 2021
  CUI – University Languages Center, of the University of Buenos Aires

  I studied English language seriously from the second half of 2018, until september of 2021, when I took the TOEFL IBT test and achieved a total score of 95 out of 120.
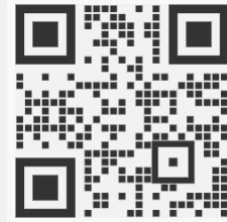

MY WEB PORTFOLIO

Built using React JS, and a Reactstrap-based template, with NodeJS, and MongoDB as the Back-End.
corvalangonzalo.xyz

MY PERSONAL PROJECTS

PASUNASHI
FEB 2021 – OCT 2021
